CHARACTER FAVOURITES

Invite your group to get to know an existing character they've created, or to invent a new one, by exploring a character's favourite things.

What is this character's favourite TV show, film, and/or book?

What is your character's favourite food, and place to eat?

What would be this character's favourite style of art?

Is there a smell that would be this character's favourite, perhaps one that evokes a memory?

What sort of music does this character enjoy?

Where would your character most like to visit?

Who would your character like to spend time with, more than anyone else?

When was the happiest time in your character's life?

You might like to write a scene where the character encounters one of these favourite things.
